## Environmental Policy

**Watson Towers Group understands that they as a business has a responsibility to do as much as it can to protect the environment and will do that by the following means.**

- Promote a sense of responsibility for the environment and ensure that this policy is communicated and implemented at all levels within the workforce.
- Minimise material and energy usage wherever feasible
- Demonstrate a commitment to the prevention of pollution.
- Comply with all relevant local, national and international legislation and codes of practice
- Minimise waste and ensure the safe disposal or destruction of waste where reuse or recycling is not viable.
- Support the local economy through purchasing goods locally where possible
- Encourage active and responsible participation in the achievement of this policy.
- Regular monitoring of energy consumed and wastes arising will ensure that progress made towards achieving an improvement in environmental performance will be maintained.
- Appropriate resources will continually be made available to ensure the policy is implemented in full
